About us

MiAddvantage, is a Global Marketing, Advertising and Communications full-service agency, specialized in multi-cultural communications and advertising, offering its services to companies and organizations wishing to expand into a broader market. MiAddvantage, cares about our community and supports it through Cultural and Educational initiatives.

The Interactive Museum of Music of Málaga, Spain (MIMMA), has as its primary mission to preserve and share its musical-cultural assets. Their musical collections are from different parts of the world and from different times in history providing a musical tour around the world that will help us identify and recognize musical roots through their interactive workstations.

MIMMA's goal is to be a social-cultural bridge that provides access to everyone and for everything music related. They are committed to support and partner on educational musical initiatives around the world.

Introduction

Because we believe we are all connected, we won't ever seek achievement for ourselves and forget about our community, especially during challenging times.

MiAddvantage in collaboration with the Interactive Museum of Music of Málaga - MIMMA, and The Cultural Council of Greater Jacksonville, has the honor to present a gift to the kids in our community! This amazing series of musical interactive activities book, available both in English and Spanish, has been developed by MIMMA through more than 25 years of experience in sharing music and culture for the children.

Some of our activities are in Spanish, in recognition of the Spanish speaking community in Jacksonville.

Thank you for visiting the Cultural Council of Greater Jacksonville website.

Keep having fun and learn with music.

Families of Musical Instruments

There are four families of musical instruments: Strings, Wind, Percussion and Electronic.

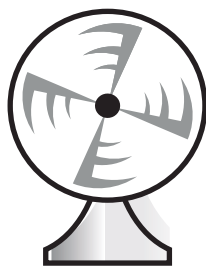

Just as we may look like our parents, siblings, uncles or other relatives, musical instruments can be alike in the way they are played, and as part of a family of musical instruments.

Match the musical instrument to its corresponding family.

Low and high-pitched sounds

High-pitched sounds are those that are heard when something vibrates many times. Low-pitched sounds are those that are heard when something vibrates less frequently.

Fill in the circle of each house depending on the low or high-pitched sound that the animal produces.

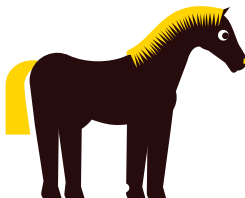

A high-pitched sound
is also called treble

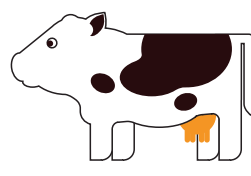

A low-pitched sound
is also called bass
