DIRECTOR OF PUBLIC ART POWERPOINT REPORT - ENCOMPASSES NEW & OLD BUSINESS

Jen Jones Murray

- a. **San Marco Intersection Public Art**

Elias supported the proposed increase for the San Marco Intersection but would like to advocate for concentration of public art that creates a visual destination.

Michele added that a **CM** emphasized the ease and impact of a collaboration between the Art in Public Places Program and the Emerald Trail.

Karen Feagins reminded the group that there is an elevated pedestrian Catwalk that connects MD Anderson and Baptist Hospital that would provide an aerial view.

Cory Driscoll adds the new riverwalk connector will also be in close proximity to this area.

b. Arlington Public Art

Director Murray clarified the increase of \$30k is an addition to the previously approved \$70k, and will come from the FY 21-22 \$250k project budget.

Elias Hionides advocated for two larger projects to start with (example(s): JU Roundabout and Fort Caroline Roundabout) instead of 4-5 smaller projects.

Proposed Motion: Add \$50k instead of \$30k for one project and \$40k for three projects.

c. Moncrief-Myrtle Overflow Health Alliance Public Art

Elias Hionides shared information on the Overflow Health Alliance which is owned by Northwest Jacksonville CDC. We are not sure where the private/public property boundary exists.

d. JTB-US 90

Cory Driscoll stated that this has a corporate feel in that area and we should be mindful of money spent in an area that needs to serve the community. Cory recommended that this project be moved to FY 22-23.

Karen Feagins added that this is a destination in Jacksonville and it would be a great opportunity to **represent** this area of Jacksonville to non-local companies or visitors.

Kimberly Kim suggested that it could be a lighting project.

David Faliszek endorses the painted murals project and suggests a partnership with SPAR for projects like PorchFest to create a concentrated experience.

e. Myrtle Street Northside Coalition Project

Cory Driscoll asks if the Kozy Korner store is currently occupied--we are not sure.

Gigi asked what APP's process is to work with the Northside Coalition. Jen confirms that they do not have funds but they have many constituents that support public art in this area and we will have them come in and present to us in November. Gigi works closely with the Malivai Washington Youth Foundation.

*New Project Proposal to be continued in November and voted on in December to execute CTA's in January. Jen and ash will create a Doodle Poll survey for the committee on priorities.

NEW BUSINESS

1. FY 21-22 Art in Public Places Trust CIP Funding Report
2. CIP Funds Request and Site Presentation - review with APPC at October meeting, requesting vote on approved plan at November meeting

a. CM Morgan Arlington Public Art projects

- i. Discussion and Presentation of Arlington Sites and Proposed Budgets
- ii. District: 1, Budget: \$70,000 (this budget will grow in FY 2021-22, it is becoming a multi-phase project to enhance and celebrate the incredible and diverse history of Arlington)

Synopsis: Neighborhood CRA does not want art in Bruce Park as was previously selected by Cm. Morgan during the renovation of the park. Cm. Morgan agreed with constituents to consider areas elsewhere. Recently completed a survey of the eight gateways to the various Arlington neighborhoods with Arlington resident and appointee for Councilmember Morgan, Lad Hawkins. The funds could be split to create multiple, smaller gateway sculpture/markers into each neighborhood as icons of the history of

each specific place. These funds may be able to facilitate a portion needed during this cycle and others could be completed in a future budget cycle.

APPROVED by Cm. Morgan September 26. Taking to APPC for discussion in October.
