

January 9, 2020

TO: Finance Committee, Board of CCGJ  
 VIA: Joy Young, Executive Director  
 FR: Glenn Weiss, Director, Public Art Program  
 RE: Approval of Future Contracts

At the request of Joy, I will now be seeking the review and approval of the Finance Committee for new contracts initiated by the Public Art Program. The contracts are in two categories based on funding sources: Art in Public Places Trust (APP Trust) or the Cultural Council. In all cases, the funds held by the Cultural Council will be tied to contracts or grants from other organizations such as Downtown Investment Authority (DIA), JEA and Preston Haskell.

The projects funded by the APP Trust do not directly affect Cultural Council finances as the money is held by the City. After the Finance Committee approval, the Public Art staff will submit the contracts to the City Procurement and Budget departments for approval. The Cultural Council signs and manages the contracts as per its annual City Grant Agreement for APP.

The Finance Committee should be aware the Public Art Program has submitted proposals to management new public art program or projects for the new JTA Regional Transit Center, the existing JTA Operations Center and Blackwater Capital, LLC. On Friday, January 10, 2020, the Cultural Council and DIA will meet to discuss the contract extension for DIA Phase II and III.

### **Request for Approval from City's APP Trust**

**Project:** Empower Jacksonville Artists, 2019-20 APP Annual Plan  
**Funding Source:** APP Trust, Administrative Sub-Fund  
**Contractor:** Artist Jenn Peek  
**Contract Amount:** \$5,000
